· Understand the fundamentals of MVC, OOP.
· Have experience in AI & Machine learning: Socket IO, SpeechRecognition, Pytorch, YOLOv8 (Ultralytics).
· Have experience in database: MySQL, SQL Server.
· Have experience in bash script, Nginx, Apache, XAMPP, Docker Desktop and CI/CD.
· Good problem-solving mindset, quick research, and willingness to learn new technologies

EDUCATION

· HA NOI UNIVERSITY OF INDUSTRY: 2015-2019
· Major: Computer science
· Related coursework: AI basic, Data Structure & Algorithms, SQL Server, Web programming, …
· GPA: 3.16/4

LANGUAGE SKILL

· Vietnamese: native language
· English: basic (read, write)

TECHNICAL SKILL

Programming language	· Html, CSS, JavaScript,	9
	· PHP	6
	· Python	6
	· NodeJS (express)	6
	· My SQL, SQL Server	6
	· C#	5
Programming tool	· Visual Studio Code	9
	· Debugger Tool (by Visual Studio Code)	9
	· Photoshop, Figma (select layer, transform to CSS)	9
	· TransType 4 (convert between .svg, .otf, .tff, .eot, .woff, .woff2)	9

	· DIY tools
	  ✓ This use Pug, Sass, Webpack
	  ✓ This help transform the design files (Photoshop, Figma) to HTML, CSS, JS faster
		9

Process	· Agile/Scrum	8
Library	· ReactJS	9
	· Angular	8
	· Vue	7
	· AngularJS	6
	· BootStrap, Jquery, Ant design, Redux, Tailwind, Material UI, Sortable library, split library, virtual scrolling library, …	9
OS	· Mac Os (hackintosh), Window 11, Ubuntu	9
Other	· Git	9
	· Gulp/Grunt, Webpack	8
	· Test automation (unit test, e2e using Protractor)	8
	· Nginx, Bash script, Docker, CI/CD	6

WORKING HISTORY

PERIOD	COMPANY	JOB TITLE
1/2018 - 06/2019	**3F**	Front-end
06/2019 - 04/2021	VSEC - Công ty Cổ phần An Ninh Mạng Việt Nam	Front-end
05/2021 - 05/2022	Niteco	Front-end
06/2022 - NOW	CMC Global	Front-end

ATTENDED PROJECTS

Period	Position - Company	Project description
The following list of projects does not include some short-term projects or projects that I only participated in a supporting role.		
06/2022-03/2023	Front-end developer / CMC Global	· **Project:** SCG Smart-Campus · **Client: Thai -** SCG · **Project description:** The Smart Campus project is a web-based management system for a factory that aims to streamline and automate the various processes involved in the factory's operations. The system provides an easy-to-use interface for factory workers · **Company:** CMC Global · **Responsibilities:** Front-end developer · **Technologies used:** ReactJS, redux, tailwind, material UI, react-query, arcgis (google map library)
08/2021-05/2022	Front-end developer / Niteco	· **Project:** T1 – Electrolux (Electrolux - white goods and household appliances | Electrolux) · **Client: EU** · **Project description:** e-commerce · **Company:** Niteco · **Responsibilities:** Front-end developer · **Technologies used:** JavaScript, CSS, html, Vue, .net
08/2021-12/2021	Front-end developer / Freelancer	· **Project:** ICS · **Client: Australia** · **Project description:** Health, Insurance · **Company:** · **Responsibilities:** Front-end developer · **Technologies used:** ReactJS, redux, ant design
05/2021-07/2021	Front-end developer / Freelancer	· **Project:** CSGoBig · **Client:** · **Project description:** crypto, game · **Company:** · **Responsibilities:** Front-end developer · **Technologies used:** ReactJS, redux, tailwind

11/2019-04/2021	Front-end developer / VSEC	· **Project:** Vadar, SafeSAI · **Project description:** services of the company · **Company:** VSEC · **Responsibilities:** Front-end developer · **Technologies used:** bootstrap, angular 8, angular 10, .net core
02/2020-08/2020	Front-end developer / Freelancer	· **Project:** tch_Iot (https://iot.dacovasystems.com/) · **Client: Japan** · **Project description:** manager exception detection devices · **Company:** Agile Tech · **Responsibilities:** Front-end developer · **Technologies used:** bootstrap, ReactJS, redux, python
06/2019-10/2019	Front-end developer / VSEC	· **Project:** Vsec website (https://vsec.com.vn/) · **Project description:** web of company · **Company:** VSEC · **Responsibilities:** Front-end developer · **Technologies used:** bootstrap, angular 8, .net core
02/2019-06/2019	Front-end developer / 3F	
01/2018-02/2019	Part time Front-end developer / 3F
